BARRIQUE DE PONCIANO PORFIDIO

Donated by Phillip Soto Mares, Catador **Value: \$ Priceless**

When this ultra-premium anejo was available, it was priced in the US from between **\$500 and \$700 per bottle**, with the last bottling selling for **+\$1,000**. Inside its blue ceramic enclosure, these bottlings are very hard to find complete and are rare.

Text from the back of Barrique bottle...

This limited edition 100% Blue Agave Tequila represents the pinnacle of the distiller's art. Hand-crafted in honor of Ponciano Porfidio, Barrique is hand-bottled in specially commissioned artisan glass vessels to signal its unique heritage. Aged a minimum of one year until peak maturity in select small 100 liter, French limousine oak casks, Barrique de Ponciano derives its name from this innovative proprietary aging process pioneered by Ponciano Porfidio.
