For the last month, Examiners all over the country have put the spotlight on tequila – tequila drinks, tequila brands and restaurants that offer a great selection of tequila. One place here in San Diego that should be mentioned for their outstanding selection of premium and ultra-premium tequilas is Old Town Mexican Café.

Tequila connoisseurs will delight in the extensive list of 30 premium tequilas as well as 40 ultra-premium tequilas that Old Town Mexican Café has to offer. With so many choices, it may be hard to choose. Some great brands to consider are Sauza Tres Generaciones, Porfidio, El Jimador, Patron, El Tesoro or Cabo Wabo.

A great dish to pair your tequila with is the restaurant's signature carnitas, a platter of tender pieces of pork served in Mexico's traditional style, with cilantro, onion, avocado, tomato, peppers, beans and of course house-made tortillas.

Ice-cold margaritas are also available in the traditional blended or on the rocks varieties that Old Town Mexican Café is known for. Additional selections include Old Town's Ultimate Margarita, a combination of Herradura Silver 100% Agave, Cointreau and fresh citrus juices and the Purple Cadillac, a margarita enhanced by the rich, slightly sweet flavor of Chambord Raspberry Liqueur.

Located in the heart of historic Old Town, Old Town Mexican Café is always sure to please.
